your **global** business

# The UK's Largest Independent Logistics & Global Trade Management Provider

Driven by a relentless determination to deliver value to customers, Uniserve has become synonymous with quality, reliability and innovation.

This, allied with continuous investment, has allowed Uniserve to grow and become the UK's largest privately owned logistics and global trade management provider.

We have built our business on imagination, initiative, energy, discipline, experience, knowledge and passion for what we do, which has been rewarded by endless industry awards over the years.

Dedicated to providing demand driven logistics, we focus on the specific requirements of each customer and offer the best solution, utilising our extensive experience in supply chain management best practice and our network of businesses operating under the Uniserve umbrella, which makes us uniquely suited to delivering bespoke logistics solutions for the Aerospace sector.

Globally

- End-to-end supply chain management
- Import & exports (road, air, ocean & rail)
- Global warehousing & logistics solutions
- Final mile deliveries
- Customs clearance management & consultancy
- Full supply chain visibility

# Global end-to-end logistics solutions dedicated to the Aerospace sector

We take pride in our ability to tailor our services to meet the unique needs of the Aerospace sector. Our team of experts work closely with each client to understand their specific requirements and develop a customised solution that optimises their supply chain and provides technology driven, cost effective and efficient solutions that help reduce asset management costs for aircraft owners and operators.

**AOG (Aircraft on Ground):** Delivery solutions 24/7 365 days a year, ensuring the quickest possible transportation time.

**IOR (Immediate Operational Requirement):** Solutions that provide our customers with an urgent shipment at a more affordable cost than AOG, and can be prioritised to meet specific needs, thus eliminating unnecessary additional AOG fees.

**Routine Shipments:** Solutions for the global transportation of spare parts and repairs.

## Dangerous Goods Transport

- ☐ Aircraft batteries (including Ni-Cad, Lithium-ion, and lead-acid)
- ☐ Aircraft fuel and oil samples
- ☐ Aircraft tyres
- ☐ Avionic components containing lithium batteries
- ☐ Aircraft exit signs (containing Tritium)
